

Bill was that he and his wife had not brought evening clothes with them. When the evening came he came here to talk with Mr. Taft about Christian missionary work in the Orient. He spoke highly of the effect which Mr. Taft's speeches and efforts in the far East had had on him. He had consulted with the candidate in regard to the missionary conditions there, of which he has wide knowledge.

Mr. and Mrs. Taft will probably leave here to-morrow night for Hot Springs. The return trip will be made by train.

TRY TO MAKE PEACE

Faction Leaders in West Virginia Meet With Mr. Taft.

[Special to The Times-Dispatch.] W. VA., August 8.—Mr. Taft met the public leaders of West Virginia here late to-night in an effort to bring about peace in the Republican ranks. The situation in West Virginia is in many respects one of the ugliest the candidate has encountered. The public leaders of West Virginia have been nominated—Arnold C. Scherr and Charles W. Swisher. Swisher is the regular nominee. Scherr thought they had got a raw deal from the county committee on Monday night. Mr. Taft assured Mr. Taft some time ago that they would have the same set of presidential electors, but things have become so warm now that the electors in the regular (Swisher) organization have refused to allow their names to be used on the Scherr ticket.

Two sets of Republican electors in the field means that the chances for Taft carrying the State will be jeopardized. The meeting was called by Senator Scott and Congressman James H. Gaines. Both factions were represented, and Swisher himself attended the meeting for a time. Scherr was represented by George C. McIntosh, Executive Secretary of the Scherr State Committee. The meeting to-night was the first time that the two factions had been able to get together to discuss peace terms. Altogether about ten Republican leaders attended the conference. Mr. Taft was present at the opening of the conference, and while expressing his desire for peace, said it would not be proper at this time for him to interfere one way or the other.

Mr. Taft left the room then, and he was followed a minute later by Swisher, who said that some of the conferees might have some hard words to say about him, and he did not want to throw any cold water on the meeting by being present.

He withdrew and patted up and down the hotel veranda, awaiting the winding-up of the conference. Swisher declared that under no circumstances would he withdraw, not even if he knew he would have to vote against himself on election day. The real purpose of the conference, however, was to get Scherr, the bolter, to withdraw. The conference started at about 11 o'clock, and after midnight it was still on.

DOVER IS TAKEN DOWN

Designs as National Secretary and Hayward Succeeds Him.

[Special to The Times-Dispatch.] NEW YORK, August 8.—Elmer Dover, of Ohio, has resigned as Secretary of the Republican National Committee. Chairman Hitchcock appointed to-day as the successor to Mr. Dover, William Hayward, chairman of the Republican State Committee of Nebraska. Mr. Hayward has lived in Nebraska City. He is thirty-one years old and has the distinction of being the youngest State chairman in the country.

The resignation of Mr. Dover was not unexpected. For several days past there have been reports to the effect that he would not continue as the secretary of the committee, and at the same time, rumors were heard to the effect that the personal wish of Mr. Hitchcock that Mr. Dover should drop out so that the new chairman might appoint as secretary some one on whom he could depend to carry out his ideas.

A Card From Blackstone Citizens.

Whereas, we learn of an effort on the part of a few individuals to question the wisdom, the integrity and the business capacity of the Trustees of Blackstone Female Institute, in making of a contract by which they have for fourteen years secured the services of the Rev. James Cannon, Jr., as principal and head of said institute, and

Whereas, the Farmville District Conference, in which the bounds and within whose control the said institute is held, by a practically unanimous vote at its last session, refused to consider a resolution which was reported by only two or three individuals, which resolution asked for an investigation of the affairs of the institute; and

Whereas, the conference declined to order said investigation because the conference was absolutely opposed to taking any action that would reflect in any way whatsoever either upon the trustees or upon the honored principal of this most excellent and successfully managed school, which has been strongly indorsed and commended by the conference for the past fourteen years; and

Whereas, misleading reports of the proceedings of the said District Conference in reference to said resolution have been published in the daily newspapers of the State, which reports make it appear that the said Rev. James Cannon, Jr., made inconsistent statements in an effort to shield himself and the trustees and to make a motion to lay said resolutions on the table, when, in fact, said motion was made by R. L. Adams, Esq., of Chester Springs, Va., a gentleman who has no connection whatever with the institute.

Therefore, we, citizens of Blackstone, where the said institute is located, in respect of denominational or political affiliations, do hereby resent any effort or movement to question the high character, the good management, the self-sacrificing services, the honest purposes, the economical administration by the trustees and principal of the affairs of this remarkably successful institution.

We further declare that our town and community are justly proud of this institution, which is the peer of any in this State, and that all of our citizens heartily indorse the successful efforts of its trustees to secure and retain the services of Rev. James Cannon, Jr., upon such a basis as has resulted in the increase of the property value of the institute and in the building up of the largest private training school for girls in Virginia, and that we are satisfied that the services, talents and resources of the said Rev. James Cannon, Jr., would command in other fields far greater monetary compensation than he has received in this work.

as to the manner in which the campaign should be run.

It is known that Mr. Dover was allied with the element in the national committee which was opposed to the selection of Mr. Hitchcock as chairman. Because of this fact, the announcement made to-day of his resignation was heard with surprise.

To Use Nebraska Plan.

Mr. Hitchcock said that the change had been made after a conference with Mr. Dover and his friends, and that the conference had not only ended in utmost cordiality between everyone concerned, but that Mr. Dover and his friends had agreed with him that the interests of the national ticket would be best served by having as secretary a leader in charge of a parcel of precincts, and this leader in turn is responsible to the State chairman. The result is that every voter of the State is personally canvassed.

Given Another Birth.

"I want some one who was familiar with that campaigning system," Mr. Hitchcock said, "to take charge of the Western headquarters, and I have found such a man in Mr. Hayward. Mr. Dover will still be an active worker for the Republican party. At the conference which led to the appointment of Mr. Hayward as secretary, it was decided to form an advisory committee of nine to assist the national chairman in the running of the campaign. Mr. Dover has been selected as the secretary of this committee, and in that capacity he will receive the same salary he did as secretary of the national committee."

The advisory committee spoken of by Mr. Hitchcock will be charged with the task of collecting campaign funds. The make-up of the committee will not be determined until after Mr. Hitchcock has seen Mr. Taft at Hot Springs on Wednesday next.

Outlook in the West.

General T. C. Dupont, who is to have charge of the speakers' bureau, arrived in town to-day and will remain here until election day. A. M. Stevenson, formerly national committeeman from Colorado, was one of the callers on Mr. Hitchcock to-day. He said that the outlook for Republican success was extremely bright throughout the West. "There are only two States west of the Mississippi," he said, "which offer any kind of a fighting ground for the Democrats. These two States are Nevada and Nebraska, and the indications are that the Republicans will have no difficulty in carrying both of them."

Several prominent members of the Republican Club are starting a movement for the holding of a mass meeting in this city to urge the renomination of Governor Hughes.

Learned at the Republican Club to-day that the movement has not progressed far enough to permit of the announcement of any details, and that all that had been decided on was the purpose to organize a big demonstration in support of Governor Hughes. The Republican Club as a body advocated the nomination of Governor Hughes for President.

TAFT WILL CARRY NEBRASKA

Chairman Hayward Says He Will Sweep the State.

[Special to The Times-Dispatch.] OMAHA, NEB., August 8.—"Nebraska is undoubtedly for Taft, and I have no hesitancy in saying the Republican nominee will carry this State by probably the largest majority Nebraska ever gave any presidential candidate."

That is the expression of William Hayward, chairman of the Nebraska Republican State Committee, who has just returned from attending over the entire State, during which he held conferences with the chairmen of all county committees, as well as with other Republicans in all portions of the State. He further said: "I find that State pride is a thing of the past, and on that account Bryan will lose thousands of votes in Nebraska. State pride was very thin in the former campaigns of Bryan, and that cry will catch no more votes in the State."

"I have no hesitancy in saying that Taft will carry Nebraska by a tremendous vote, and that the entire State ticket will ride into office with him."

Saved Boy's Life.

[Special to The Times-Dispatch.] VIRGINIA BEACH, August 8.—By the heroism of Mr. Rudolph P. Farnburg, assistant engineer of the Pittsburg and Lake Erie Railroad, who, with his sister, is spending their vacation at the Laverys' Cottage, Ocean View, Walter Eastis, aged seventeen years, of Wood Street, Norfolk, was saved from a watery grave Thursday afternoon.

The boy was being carried out by the tide, and had sunk twice, when Mr. Farnburg dashed in with his clothes on and saved young Eastis.

CLUB FORMED TO WORK FOR BRYAN

Democrats Around Goshen Form Organization to Carry on Campaign.

REPUBLICANS ENTER NAMES

Men of Influence in the Party to Give Their Support to Bryan. Invited to Speak.

[Special to The Times-Dispatch.] OSHEEN, VA., August 8.—Great interest all through Virginia attaches to the organization of the Bryan Democratic Club at Goshen, Va., last Saturday. The personnel of this club is such as to excite widespread interest all through the State. Many Republicans of prominence in the community as far away as Staunton have already been enrolled in its membership, and the prospect is that it will number on the lists all of the Democrats in the immediate vicinity and many others from a distance.

The purposes of this club are not only of importance to the State, but throughout the State, but also a character that it is hoped will greatly benefit the Bryan-Kern presidential ticket.

To Demand Reform.

It is the purpose of the club to disseminate literature of a character that will not only be educational, but entertaining to all those who are interested in the coming election. It is very generally conceded that this is to be one of the most important campaigns in the history of the country, and it has been a matter of no small regret to Democrats that there are several more or less important communities which it is feared may go Republican. Goshen is numbered among these, although the chances now for a Republican majority are six to one.

The Republicans who have been already enrolled in its membership are several men who have taken an active part in former important fights of this character.

Republicans Join Club.

At the meeting last Saturday, Mr. Albert G. Harman was elected president, and Mr. S. M. Alvis, secretary and treasurer. Among the prominent members are Hon. J. S. Craig, Mayor Teeter, of Goshen, who from time immemorial has been a Republican enthusiast, and who will for the first time cast his vote for the Democratic ticket.

The preparations for the work of this club from now on until election day are of the most elaborate character. Its members propose to set a pace in the work of electing Mr. Bryan and Mr. Kern, and they hope to influence those voters who sit on the fence, not only in this section, but so far away as even Lynchburg.

A flag-raising will be held shortly, at which the Hon. Harry S. Tucker and several other prominent speakers will take part.

Captain Richard F. Ker addressed the club, and a great throng of farmers and others this afternoon. Among the hundreds who assembled on the lawn of the Rockwell Hotel, the speakers were many ladies of this vicinity and visitors to the numerous watering places hereabouts.

The flag, which is to be raised at an early hour, will be made by a committee of ladies appointed by President Harman, of silk, and in itself will be a unique souvenir. The committee who have the work in hand are Mrs. A. G. Harman, Mrs. Fred E. Fenton, Mrs. P. E. Tucker and Mrs. Charles G. Watts.

Many Speakers Invited.

It is probable that the club will be addressed by more prominent speakers than any similar organization in the State. Among the speakers who have been invited to address the club are:

Governor Claude A. Swanson, Senator John W. Daniel and Senator Thomas S. Martin, former Governor Andrew Jackson Montague, Hon. H. S. George Tucker, Hon. H. D. Flood, Hon. Carter Glass, Caperton Braxton, Holmes Conrad, Judge Duke, Judge Mann and A. M. Strode. Several of the above gentlemen have already accepted the invitation to speak here.

The officers of the club and the committees are as follows: Mr. A. B. Harman, president; Mr. S. M. Alvis, secretary and treasurer; Mr. J. S. Craig, chairman; J. S. Craig, E. J. Jones, Executive Committee—A. G. Harman, chairman; J. S. Craig, J. S. Craig, Committee on By-Laws—J. W. Smith, chairman; Dr. P. E. Tucker, J. S. Craig.

Committee on Membership—John T. Allen, chairman; C. W. Parker, John O. Snyder, N. W. Balls.

Committee on Program—T. H. Laird, chairman; W. E. Rouds, Charles G. Watts, Fred E. Fenton, E. J. Jones.

YATES DEFEATS DENEEN

Incomplete Returns Indicate His Nomination in Illinois Primary.

[Special to The Times-Dispatch.] CHICAGO, August 8.—As a result of the vote at to-day's primary former Governor Yates has probably won the Republican nomination of Illinois over Governor Deneen.

Incomplete returns at midnight indicate that Yates has carried the State over Deneen by about 23,000 majority. In Cook county Deneen will probably win by about 2,000, but in the down State territory Yates has secured enough votes to win the nomination by the figures given.

Colonel James Hamilton Lewis led the seven other Democratic gubernatorial candidates during the early returns from Cook county, and his friends declare that his down State support is

sufficient to give him a final victory over former Vice-President Stevenson. Starting with a landslide in Chicago and Cook county, Congressman George D. Foss surprised Senator Hopkins by getting a commanding lead in the advisory vote for United States Senator, to Chicago, Foss and Hopkins by a 6,000 vote, with former Senator Mason a close third. The country returns were very slow in coming in, and the Hopkins men refused to give up until the last counties were heard from.

Probably the hardest blow to the present Senator came in his home town, Aurora, where he lost to Foss by a vote of 2,774 for Foss and 1,443 for Hopkins.

Late returns indicate that most of the Congressmen in Illinois who were seeking a renomination were successful. There were several hot skirmishes, but in the Eleventh and Twentieth Districts the fight was the bitterest ever known. In the Eleventh District Congressman Snapp, of Joliet, was opposed by Adam S. Clow, of Wheatland. With meagre returns in, it looks as if Snapp might be defeated, although the vote is close and the final figures may save the Congressman.

One of the spectacular fights was in the Twenty-fourth District, where Orland Burrill, of Carlin, was opposing Congressman Pleasant Chapman, of Vienna. Burrill, with his white mule, secured the district for himself and Yates, and the late returns show that the result is close.

The first attempt to put the new primary law into effect throughout Illinois was attended by considerable confusion. Challenges were frequent throughout this city, and in many of the country districts it was reported that the vote was extremely close, even before receiving a ballot. They could not be allowed to vote unless they did this, and many of them left the polls. The extreme length of the ballot rendered the returning extremely slow, and it is doubtful if the full result of the election is known before some time on Monday.

Democratic candidate. Some express themselves as highly pleased with the Democratic platform, and confident the party means to redeem the pledges it has made.

Others declare that there is no hope of the Republican party being able to bring about a necessary reform, even though it contains men who sincerely wish to do so.

There is little likelihood that the railroads will reconsider their refusal to make special rates for vacation travel. Mr. Bryan is rather hoping they will stand pat. The Middle West sentiment against railroads is so strong that it can be easily roused on the proposition that the refusal is based on a desire to defeat and humiliate Bryan, and is proof they are again backing politics, and the Middle West is where Bryan's hopes lie. Mayor Brown says there will be 50,000 voters away.

Beyond the fact that the country will probably be divided up into districts for a systematic canvass in obtaining subscriptions, and that active solicitation will be done toward that end, no details of the plan discussed with Mr. Heskett, the treasurer, last night, were given out.

Mr. Bryan declined to comment on the make-up of the Democratic newspaper committee named by Henry Watterson, to say what work he expected of this committee. He expresses a preference to have the members speak for themselves. He refuses to discuss the action of the Kern contingent in Pennsylvania. In putting an independent State on electoral ticket in the field against the regular organization ticket named by the Guffey faction.

GOES TO SEE BEN GREET

Mrs. Roosevelt and Party Make Special Trip to See Play.

[Special to The Times-Dispatch.] NEW YORK, August 8.—Mrs. Roosevelt, who is much interested in the B. G. Greet plays, to-day made a special trip from Oyster Bay to this city to see an open-air performance of "As You Like It" on south field, Columbia University. The Greet players have been giving two performances a day there during the past week. A party left Oyster Bay on the Sylph at 10:30 A. M. to-day and ran up the Hudson to the Gould Boathouse, at One Hundred and Fifty-third Street, arriving there just a short time before the afternoon performance was to begin.

At the boathouse the university professors in their uniforms were drawn up in a sort of guard of honor. Henry L. Norris, superintendent of buildings and grounds, represented the university, and with Mr. Greet was at the boathouse. A special box was roped off on south field for the B. G. Greet party. After the performance the party went across to Earl Hall, where Mr. Norris and his mother served an informal tea. The party returned to Oyster Bay, leaving at 6 o'clock.

beginning of the bankruptcy proceedings.

"It is a surprise to us," said Dr. Evans, after he had read the report of Thaw's action. "We had no intimation that he would dispute the bills, or that he contemplated such a step. All I can say at the present time is that all the bills put in by me were paid promptly for the service rendered. From my knowledge of the case, I can say that none of the attorneys who appeared for the defense overcharged Thaw, and that their bills were only a fair compensation for the services they performed for him."

A. Russell Peabody, who is still Thaw's personal counsel, was one of the creditors who looked at Thaw's move in a different light. Mr. Peabody's opinion was that Thaw's action was a proper one, and that all of the claims against the young man would be paid when they had been paired down to proper proportions.
